About Mr George Christoforidis

This is a letter of recommendation for Mr George Christoforidis to support his application for internship.

Mr Christoforidis has attended my courses on

“Programming Techniques”, mark 7.7 (final exam, lab and homework),
“Object Oriented Programming”, mark 8.3 (final exam, lab and homework),
“Advanced Topics in Data Bases”, mark 7.5 (final exam),
“Topics in Theoretical Computing Science”, mark 5.0 (final exam).

Mr Christoforidis is one of the very good students I have met in this Department.

Overall, Mr Christoforidis is a dependable, intelligent and mature individual and I have been impressed by his personality, work ethic and general demeanor. He is also ambitious and eager to enhance his education by pursuing graduate studies, working hard to reach his goals.

I totally support his effort to pursue an internship in a demanding and competitive environment and I recommend him highly and without reservation.

Kavala, 24 June 2009

Sincerely,

Prof. Theodore Alevizos
